ONE FOR DEBUTANT

HON. HENRY CUELLAR

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 15, 2005

Mr. CUELLAR. Mr. Speaker, I rise today to honor the 80th anniversary of The Pals, an organization in San Antonio, Texas that has been helping young black women enter adulthood with more ease and grace through their annual Debutante Ball.

Mr. Speaker, in 1925, four young ladies were meeting weekly for a social game of bridge. One of the women, Vivian Lowery Vincent suggested that they start The Pals. The name derived from the phrase "pleasant attitude toward life." Others soon joined the group, and by 1927, these women envisioned a dream to present young, African American girls approaching adulthood to society. This dream became reality when The Pals hosted the first Debutante Ball in 1928.

The Club members believed that the social life of young Black women in San Antonio would be more secure by having, in their background, the interest of older, caring, dynamic women. They also knew that, in the goal for the perpetuity of African Americans, there was an urgency to preserve "gentility" within the race. Subsequently, The Pals selected and sponsored debutantes to develop and promote social and civic awareness, cultural dignity, pride and sense of self.

In 1979, The Pals were honored by the United Negro College Fund, Inc and presented the Fred D. Patterson Award and in 1992, the National Council of Negro Women, Inc honored The Pals for the organization's outstanding leadership toward the growth and development of the Minority Community of San Antonio. Each year accolades are received from parents, citizens and debutantes.

Mr. Speaker, I am proud to honor The Pals for helping young women in our community.

TRIBUTE TO MR. MEL KING

HON. MARILYN N. MUSGRAVE

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 15, 2005

Mrs. MUSGRAVE. Mr. Speaker, I rise today to pay tribute to the patriotism and heroism of Mr. Mel King.

Mr. King served with distinction in the Army Air Corp during the harrowing days of the Second World War. As a B-17 crew member in the 815th Squadron of the 483 Bombardment Group, Mr. King and his fellow crew members played an integral role in the Allied defeat of Nazi Germany.

The crew of the Good Deal formed in November 1943 with Mr. Melbourne King of Crook, CO as one of the thirteen member crew, which included Paul E. Ray, Warren O. Griffin, Carl B. Hardy, Gerald Kramer, Foster F. Knight, James I. Korshak, Walter J. Gladioux, August O. Bresciz, Theodore Engelun, Fred A. Clark, Jr., Robert J. Dalzin, and John M. Spear.

On April 12, 1944 Mr. King and the crew of the Good Deal participated in their first mission to Split, Yugoslavia. In the following months, the crew of the Good Deal saw action over Toulon, Milan, Weiner Neustadt, Vienna, Budapest, Blechhammer, Ploesti, and Memmingen.

Despite the fact that fourteen of twenty-six American B-17s were lost over the German town of Memmingen on July 18, 1944, Mr. King and his crewmates successfully downed seven German fighters.

Mr. Speaker, I am proud of Mr. King's distinguished service and humbled by his courageous patriotism. The sacrifices he and the men of the Good Deal made to ensure the liberty and freedom of future generations will never be forgotten. I urge my colleagues to join me in honoring Mr. Melbourne D. Ring and the crew of the Good Deal.

COMMEMORATING THE JAVITS-WAGNER O'DAY PROGRAM

HON. JACK KINGSTON

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 15, 2005

Mr. KINGSTON. Mr. Speaker, I wish to commemorate the Javits-Wagner O'Day program (JWOD) on the service they provide to thousands of individuals.

The JWOD program is the single largest source of employment for individuals who are blind or have severe disabilities. This program employs more than 45,000 people. The JWOD program trains persons with disabilities to acquire job skills that will be resourceful in their everyday lives. With these skills and training, a participant in this program can receive wages and benefits thereby gaining a greater independence and quality of life.

In my district in Georgia, there is a JWOD program named Happy Hour that exemplifies the good work that this organization is built upon. Happy Hour employs 170 disabled individuals and gives them an opportunity to contribute to their communities. Executive Director Steve Smith leads an office of 90-100 hard working staffers along with many volunteers who are all dedicated to ensuring each person reaches a common goal.

Happy Hour has a working relationship with Robins Air Force Base. Through this relationship Happy Hour participants are able to help the government and save tax payers money. A few of the projects that help Robins Air Force Base is Robin's Recycling, respiratory cleaning and repair, tool de numbering, and air craft hardware sorting. Though they may seem minor, without Happy Hour, workers who do these tasks at Robins AFB would have a much harder time operating.

FURTHER CONFERENCE REPORT ON H.R. 3010, DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2006

SPEECH OF

HON. SANDER M. LEVIN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 14, 2005

Mr. LEVIN. Mr. Speaker, this Labor, Health and Human Services, and Education Appropriations bill is a very flawed bill which would badly underfund health care, education, and social services critical to all Americans. Although I was unable to vote in favor of the bill, I do want to call attention to one bright spot.

For the first time, the Congress has provided dedicated funding to educate women, their families, and their physicians about the risk factors and early warning signs of gynecologic cancer. Each year, tens of thousands of women die of gynecologic cancers that could have been treated had they been detected earlier. Ovarian cancer, the deadliest of the gynecologic cancers, has a survival rate of 80 to 90 percent if detected in Stage One or Stage Two and a survival rate of 20 percent or less in the late stages.

Although only cervical cancer has a screening test reliable enough for routine use on
